ROOFING SUPPLIES

2012

OPEN HOUSE
and
TRADE SHOW

AND

FASTEST SHINGLER COMPETITION

THANK YOU!

to all the attendees, competitors
and suppliers who attended.

We showed what's new
and what's changed.

Roofing competitions were
held throughout the day

Congratulations to all the
competitors. You guys are
a credit to the industry! You
show us all how a hard job
can still have some fun in it!

There were giveaways throughout the day and there was an amazing door prize table.

We gave great one day buying discounts.

Lunch was provided to all and there were snacks throughout the day.

We look forward to making next year even better!

We did product demonstrations.

One Coat Application

The RoofSlope™ product is an acrylic modified cementitious sloping material designed to create auxiliary slope over various roofing membranes to divert water flow to drains, scuppers, or an outside edge.

This product combines a proprietary blend of cementitious polymer emulsions and aggregates to achieve a workable, easy to use, sloping compound.

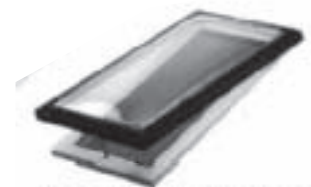

The RoofSlope™ product provides a quick and easy way to fill in low spots on flat roofs and achieve positive slope to aid in proper drainage.
